

Masters Project Final Reflection

Masters Project Final Reflection for _____

To receive a “4” for results, your summary and conclusion must reflect clear understanding of the evidence. Additionally, your project must have powerful implications to yourself and/or wider educational community.

Please review your original proposal as well as your Masters Project to reflect on each of the following:

Goal: *Did you answer your research question and/or address your original purpose? Please discuss.*

Results: *What did you learn and how did you change as a result of this work?*

In what ways is your project related to innovation and reform in education? What did you find in your review of the literature that suggests your project is innovative and addresses needs regarding reform in education?

Have your findings and/or product already impacted the wider educational community? What are your plans for dissemination? What do you see as the potential influence of your project upon the wider community?
